Training & Placement Procedure

Training Process at Atric

At **AbhiTrix Consultancy (Atric)**, we follow a structured and industry-oriented training approach:

✔ Step 1: Personalized Counseling

We assess every student's background and goals to suggest the most suitable SAP or IT course.

✔ Step 2: Live Instructor-Led Training

- Real-time SAP S/4 HANA system access
- Practical sessions with real business scenarios
- Use of official tools (e.g., Fiori, GUI, Python, etc.)

✔ Step 3: Assignments & Case Studies

- Weekly assignments
- Domain-based use cases
- Industry-mapped practice projects

✔ Step 4: Mock Interviews & Resume Building

- 1-on-1 mock interviews by industry experts
- Resume crafting with proper SAP/IT formatting
- LinkedIn profile enhancement

Placement Support Process

We actively help our students move from training to employment:

Step 1: Placement Readiness

- Soft skills, communication & HR interview practice
- Aptitude & technical test support

Step 2: Job References & Tie-Ups

- Direct interviews via our placement partners
- Opportunities shared via internal job group

Step 3: Post-Placement Support

- 1 month mentoring after job joining
- Guidance on certification, client handling, etc.
